

TENT CITY  
Union for the Homeless  
Tompkins Square Park  
New York, New York

---

Tent City is an organization that developed out of the homeless situation that was present within Tompkins Square Park. Since the city does not have sufficient support services available to feed, house and clothe the homeless, we have decided to organize ourselves into a group called Tent City and provide these services for ourselves.

We ask you, the public, to help us reach our goals by providing us with any assistance that you possibly can, whether monetary or otherwise.

By providing these services, we hope to one day uplift ourselves from the state of homelessness that we find ourselves in at this time.

Thank you in advance for any consideration that you may extend towards helping us reach our goals.

Ronnie Cassanova  
Director, Tent City  
New York, NY
